There are now four ads running on the production ad server:

1. ISS untargeted.
2. ISS, targeted to Unix. (See \\dwight\clian\ads\issunix.gif. K, do you think this ad is OK? You can change it if you want.)
3. IAN jobs, targeted to Georgia.
4. Tell a friend about IAF, untargeted.

Also, ad files now have a separate directory, \lian\ads.
